Welcome to the 2005 KING COUNTY FAIR

These are exciting times for the Fair as we focus on the things that have made this a great, old-fashioned, family orientated country fair. We have community involvement and lots of fun things to do this year. And we have not forgotten that one of our missions is to "preserve the agricultural heritage" of the region. The King County Fair has been doing that since 1863 when Abraham Lincoln was our president, twenty-three years before Washington became a state. It is one of the oldest continuously operated special events in the United States.

Another mission of the Fairgrounds is the promotion of "enriching educational events." Your involvement provides the general public with an opportunity to see the value in agriculture, its contribution to the their community, and to society, and to see the exciting opportunities that exist now and in the future. We are all glad you are here.

Please read through the Premium Book, and then join others in this, the 143rd King County Fair. Dates this year are Wednesday, July 20 through Sunday, July 24. There are some events and activities which may start before these dates. Please check our website at www.metrokc.gov/fair. We have lots of exciting new activities and opportunities for you this year, so please join us for some "Good Clean Fun"!

Sharon Roberts
Interim Manager
King County Fair

KING COUNTY FAIR MISSION STATEMENT

The King County Fairgrounds seeks to become a regional, multi-event complex dedicated to:

- Presenting the annual King County Fair,
- Preserving King County's agricultural heritage,
- Providing year round quality entertainment,
- Offering enriching educational events, and
- Fostering a spirit of vital cooperation with the City of Enumclaw.

KING COUNTY FAIR Goals and Objectives

The King County Fairgrounds and annual King County Fair promote agriculture by providing opportunities for participation in agricultural events. The Fair provides a stage for participation in the experience and enjoyment of our agricultural heritage. The King County Fair has existed since 1863, and is the oldest continuously operated fair in Washington State. It is valued as a showcase for the agricultural community, highlighting the efforts of youth in 4-H and the Future Farmers of America, and a combination of facilities for hosting large regional or community events.

The County plans, schedules and manages the annual King County Fair which includes coordination of displays, exhibits, competitions and shows, stage entertainment and concessions. In addition, the County is responsible for operation and maintenance of the Fairgrounds for other special events occurring throughout the rest of the year.

During the Fair, revenue is generated by admission, ground parking, camping, carnival fee percentage, exhibitor fees and sponsorships. Fair visitors also contribute a large economic benefit to the city of Enumclaw and surrounding communities.

- ❖ King County is committed to providing a traditional agricultural and educational experience through the annual King County Fair.
- ❖ King County will actively market and promote use of the King County Fairgrounds to maximize its use by revenue producing events.
- ❖ King County will work with the city of Enumclaw to provide programs, special events and scheduling of the King County Fairgrounds that are consistent with the site, facilities and character of the area.
- ❖ King County will aggressively pursue facility-enhancing improvements to the Fairgrounds as outlined in the Site Development Plan established through a collaborative effort of the public, community and staff.

All King County 4-H and FFA members in good standing are eligible to participate in the KING COUNTY FAIR. As listed, some departments are open to other western Washington county's 4-H or FFA members. **King County members shall receive priority in stall assignment.** King County 4-H members must be enrolled in 4-H not later than May 1 to participate in the Fair.

Age categories for 4-H members are based on school grade just completed:

Participants must be enrolled in the project in which they exhibit, unless the rules state otherwise. For activity contests, member must be enrolled in the related project or activity. Entries must consist of work done during the current club or chapter year.

Judging and awards will be on the Danish System. Cash awards will be made on the point system with a value established for each point by the Fair office.

Forms necessary for general participation are distributed in the spring orientation meetings. All forms, including entry forms, must be authorized, printed, and distributed by the County Extension Office and/or Fair Office.

Admission Passes: Each exhibitor will be given appropriate admission credentials for access to the Fair. These are non-transferable. If exhibitor has to leave the grounds during the day, he/she must have their hand stamped by a gate attendant for re-admittance. No exceptions. If the pass is lost or stolen, exhibitor will purchase one-day passes.

The Superintendent, based on space available, may limit 4-H/FFA entries. Release of animal exhibits will follow the schedule at the back of the book. Early removal of an exhibit without Superintendent's permission will forfeit awards.

Exhibitor must provide all care and preparation of animals. Violation of this rule by parents could result in loss of all or part of participant's premium and/or clover points.

Entry Schedule: If an exhibit is not entered at the scheduled time, it will be rejected. See Schedule of Events for the entry arrival dates and times.

All exhibits not picked up within one week of close of Fair will become Fair property and may be disposed of.

STATEMENT OF RESPONSIBILITY: 4-H/FFA exhibits are entered and displayed at the risk of the exhibitor. King County officers, officials, agents, or employees cannot accept responsibility for loss or damage due to the conditions imposed in a Fair setting, or exhibits left after the time specified for removal. 4-H/FFA members who have exhibits of great sentimental and/or monetary value should consider whether such exhibits should be entered in the Fair. Precautions will be taken by the Fair and should likewise be exercised by the exhibitor.

Enter the designated class and lot in the department where the entry will be displayed on the same form with your other entries. Each department entry deadline applies to Educational Display entries for that department. Item may be a poster, table top display, panel display or a scrapbook.

A 4-H entry tag must be attached to display. Member's name, county and club must be on back of poster.

Exhibitor is responsible for preparing display to be easily exhibited, i.e. posters must have hook(s) for hanging, panel displays and other display boards must have stand or another way to be exhibited upright if so designed. Educational displays should not promote commercial or name brand products.

Pre-entries are needed by JUNE 1 for ALL large displays (in any project). Please get permission from Superintendent for a large display. (Suggest this be done before display is made). All other displays are to be entered as specified by the department. Some departments may have earlier due dates for educational displays than their other entries. Livestock Best Management Practices Contest

Sponsored by the King County Agriculture Commission. Contact your 4-H/FFA leader for information on how to enter.

Premiums: 1st - \$100, 2nd - \$75, 3rd - \$50, 4th - 10th - \$25

Educational Display: Participants can use any type of display they wish up to large displays (e.g. dioramas), **not to exceed 9 square feet** in floor or tabletop area. We expect that the display would include a panel display or poster providing written educational information. The goal of this program is tri-fold:

1. Participants will learn about the King County Livestock Management Ordinance and what it entails
2. Livestock owners visiting the fair will learn about the ordinance and Best Management Practices (BMPs) used to implement the ordinance
3. Fair visitors will learn about the ordinance, BMPs and how livestock owners are stewards of their land and environment.

Judging: All displays will be judged at one time, based on 4-H standards in addition to these topics:

1. 20% oral presentation (either oral reasons or public presentation, TBD).
2. 45% presentation (visual appeal, cite sources, physical aspect, organization)
3. 35% content (topic choice, accuracy and quality of information presented, effectiveness in educational purpose)

Background Preparation: Plan to address these directives/questions as this is what will be used when judging content.

1. What is the problem? Which BMP are you discussing?
2. Why is the situation a problem? What is the background and contextual information for this display?
3. How to implement that change?
4. What are benefits to making change? How do these changes address the problem discussed in #2 above?
5. Cite resources used to develop the display including pamphlets, interviews, books, etc. Your local librarian should help you on proper format for citing sources.

A display should address only a single BMP to insure that appropriate depth of information is presented in the display. The four BMPs can be classified as:

1. Pasture Management
2. Mud Management
3. Manure Management
4. Stream & Wetland Management

Location: Entries will be displayed together at the south end of the Livestock Barn.

4-H Youth in Action

Enter the designated class in the department where the activity will be displayed or performed, on the same form with your other entries. Department entry deadline applies. However, the Department Superintendent may accept Youth in Action entries during the Fair. Contact the Department Superintendent for time slots and additional information.

This is a non-judged activity. This activity is not as formal as a demonstration; however, the presentation should be planned and practiced. Individuals, teams and groups are encouraged to share an activity with the public. Information should be presented and questions answered.

Examples of activities that work well in this type of presentation are: spinning wool, using a serger to construct a garment, showing how to use grooming equipment, how and why to recycle, construction of craft items, quilting, knitting, crocheting or sewing, showing how cameras work, showing how to build something or demonstrating creation of a bonsai.

You are responsible to provide all supplies and equipment necessary to complete your presentation.

It is not necessary to pre-qualify with the presentation in an area or county show. Exhibits from the video photography project may be entered in this class.

Lot A. 1 Hour Presentation minimum – 95 Points

4-H members will be selected to compete in the State 4-H Fair based on allotment assigned and State Fair rules.

Failure to comply with health regulations or Veterinarian will result in one or both of the following:

- a. Immediate removal of animal
- b. Forfeiture of premiums and prizes

Animal may be removed without penalty of premium or clover points due to extremes of weather subject to the approval of Superintendent and the Fair Management

Remember, stalls and tables are to be cleaned prior to leaving the Fair on Sunday, July 24.

No cattle will be permitted into show with horns over 1-1/2 inches long unless specified by breed standards. Horns must have horn protectors on at all times, except in show ring.

The Fair shall not be responsible for costs and/or calling a Veterinarian for any reason after initial Vet check. This responsibility rests with the exhibitor and should be coordinated with Superintendent.

Animal Health Requirements

ALL ANIMALS MUST HAVE PROOF OF VETERINARIAN INSPECTION BEFORE BEING PLACED IN THEIR STALLS OR CAGES. All dairy line up behind Livestock Barn for vet inspections. Small animals line up in front of tent or building.

Veterinary inspection will take place as follows:

Cats:	Wednesday, July 20 - 8 am - 9:30 am

If an animal cannot be inspected at the above times, the exhibitor is responsible for expenses involved in a veterinary inspection and certification to the satisfaction of Superintendent and the Fair.

THE VET CHECK IS FINAL. Veterinarian will sign a stall card for inspected animals. Stall cards must be displayed for each animal during the Fair. If a signed stall card is not displayed, the animal will be immediately removed.

Health Requirements - State of Washington

Individual health certificates on Washington animals are not required for entry. No animal from a quarantined area or premise will be permitted to enter the Fair.

Fair veterinarians will reject any animal with infectious or contagious diseases or ectoparasites. Exhibitors should be aware ringworm, warts, pinkeye, scrapies, strangles, contagious ecthyma, scabies, lice, mites, ticks and fleas fall into these categories. The Fair veterinarians shall reject animals exhibiting disease symptoms during the course of the Fair. It is strongly recommended that cattle be vaccinated in the current show year against respiratory disease.

The veterinarians' professional decision as to the health status of an animal is final and shall be upheld by the Fair.

Please remember that E. coli 0157H7 infection can be transmitted by contact with animals. Children, seniors and immune impaired persons are particularly susceptible. Handwashing facilities are available and should be used. In addition, the King County Fair exercises the right to specify additional requirements in the interest of control of infectious and/or contagious disease or in the interest of improving the aesthetic quality of each animal exhibit. Emergency orders, which change any requirements shall take precedence over those printed herein.

Animal Health and the Use of Illegal Substances

The use of illegal drugs and/or the improper use of animal health products or foreign substances will not be tolerated in the Washington State 4-H Youth Development Program, FFA, or at the King County Fairgrounds. Extension personnel, 4-H volunteers, families, youth, exhibitors, and fair/show officials have a legal and moral obligation not to misuse these products. We have the responsibility to tell others not to use these substances, and to report those who use any illegal substances.

The administration of any drug or medication that could affect an animal's performance resulting in an unfair advantage or the disposition of the animal is unacceptable. Additionally, there are federal penalties for using illegal substances in animals that are going into the nation's food supply. King County Fair will fully adhere to this policy.
